The Ohio Physical Therapy Association (OPTA) has approved the following course for continuing education in Ohio:

**Course Name: Essential Functions for the Clinical Educator: A  
Contemporary View**

**Approval No.: 15S2095**

**Hours Granted: 7**

**Effective Dates: 10/30/2015 to 10/30/2016**

It is your responsibility as an Ohio CE Sponsor to provide this information to each Ohio participant. The approval number should be provided on the course completion certificate or in a letter. It is critical that you use this approval number only for this course and only during the effective dates indicated above. This approval number cannot be used for this course if taught after the expiration date. If you use this approval number after the expiration date, you could jeopardize licensees' ability to meet their Continuing Education requirement for license renewal.

If OPTA becomes aware of the use of this approval number after it has expired, the Assistant Attorney General of Ohio will be notified. In order to protect physical therapists and physical therapist assistants who take your course, please be sure that you re-apply for course approval once it has expired.

We appreciate your efforts to provide quality continuing education to Ohio physical therapists and physical therapist assistants.
